Fundamentals of Figure ...  
Overview. Artists of classical Greece and the Renaissance were highly aware of the complexity and great beauty of the human figure, and strove in their artwork to depict the ideal form. This book by an experienced twentieth-century art teacher covers two fundamentals of figure drawing that were equally important to masters of earlier eras – anatomy and perspective, subjects that seldom receive a thorough treatment within the same book.

Fundamentals of Figure ...  
I bought this book thinking that it would be about drawing the anatomy of the human figure in perspective--I mean the title is Anatomy and Perspective: The Fundamentals of Figure Drawing. But I was wrong! It mainly covered anatomy and barely touched on the topic of drawing the figure in perspective. So buyer beware.
