Stars by Lois Lowry (full audiobook) Can  
You Count The Stars*

Can you count the stars of evening That  
are shining in the sky? Can you count the  
clouds that daily Over all the world go by?  
God the Lord, who doth not slumber,  
Keepeth all the boundless number; But He  
careth more for thee, But He careth more  
for thee. Can you count the birds that  
warble In the sunshine all the day? Can  
you count the little fishes

*Can You Count the Stars? > Lyrics /  
Johann W. Hey*

Can You Count The Stars? Hymn Lyrics.

Can you count the stars that brightly  
Twinkle in the midnight sky? Can you  
count the clouds, so lightly O'er the  
meadows floating by? God, the Lord, doth  
mark their number, With His eyes that  
never slumber; He hath made them every  
one, He hath made them every one. Can  
you count the wings now flashing

*Can You Count The Stars? Hymn Lyrics*

Can you count the stars shining in the sky?  
Can you hold the moonlight in your hand?  
Can you stop the waves rolling on the  
shore? Or find the place where rainbows  
meet the land? I've got a friend who knows  
how all these things are done Jesus Lord  
of all, God's only Son Up in outer space,  
planets spinning round Millions more than

You have not studied astronomy, not even  
for a single semester. So do not speak  
about matters which you do not  
understand! J: Yes, of course my studies  
were in a totally different field. But I still  
maintain that nobody is able to count the  
stars, because they total such a large  
number, similar to the number of grains of  
sand on the beach.

*Can You Count The Stars? - YouTube*

The LORD took him outside and said, "Gaze into the sky and count the stars--if you are able to count them!" Then he said to him, "So will your descendants be." New Heart English Bible And he brought him outside, and said, "Look now toward the sky, and count the stars, if you are able to count them." And he said to him, "So will your descendants ...

*Genesis 15:5 And the LORD took him outside and said, "Now ...*

To count the stars you will choose 10 parts of the sky at random (by chance) and count the stars. Then you will find the average number of stars counted in each observation. (For example, if you observed zero stars in one count and 100 stars in another count, the average is 50 stars per count.)
