Where the Red Fern Grows: Chapters 14--18 Quiz: Quick Quiz--
Chapter 14, the beginning of Part Four, describes the Scientific Revolution. Harari states that prior to AD 1500, technology had remained relatively stagnant. While minor advances were made, he argues that someone could fall asleep for 500 years and wake up in a relatively similar world. This changed, however, when leaders began to invest significantly in scientific research, realizing that it could yield better technology and thus more resources at their disposal.
