OTS Claims and Elections review - GOV.UK

A basic policy claim is an argument that something should or should not be done. For example, arguing that marijuana should be legalized or that a friend should try a new food are both claims of policy. Because policy claims argue for an action, they imply a value claim—that taking the recommended action is better than not taking it. This, in turn, means that claims of fact and definition become involved. Consequently, policy claims are some of the most complex arguments that exist.
