is added. Slowly, there will be a mental shift in how you: prepare, train, and your personal approach towards combat. We can happily say that if we don't add value- we will gladly refund you the cost of your training.

~~HOME | combattacticsgroup~~
Combat Tactics allows for more conditional tactics to be used during combat. Using the Tactics system, these scripts allow the character to perform certain actions provided that the conditions are met. For example, when a character falls below 50% health, the character will drink a potion. This skill

employing fighting forces on or near the battlefield. They involve the application of four battlefield functions which are closely related - kinetic or firepower, mobility, protection or security, and shock action. Tactics are a separate function from command and control and logistics. In contemporary military science, tactics are the lowest of three levels of warfighting, the higher levels being the strategic and operational levels ...
