## ~~How To Start a Trading Office And Make It Profitable — DTTW™~~

A trading floor refers to a literal floor in a building where equity, fixed income, futures, options, commodities, or foreign exchange traders buy and sell securities. Traders buy and sell securities on behalf of clients, or on behalf of the financial firm which employs them. The trading floor of an exchange is commonly called “the pit” because trading areas for different securities are usually designed as roughly circular areas that traders step down into to engage in trading.
