Dialectical Social Theory and Its Critics: From Hegel to ...

Dialectics can be traced from Socrates through Hegel to pragmatism and contemporary general systems theory. The method is sensitive to linguistic, social, and cultural issues and is much more sociological than its critics have grasped. When applied to functionalism, the dialectical method demonstrates the inadequacy of ends-means logic.

Dialectical social theory and its critics: from Hegel to ...

The Dialectical Method: Its Application to Social Theory RICHARD A. BALL, West Virginia University ABSTRACT This dialectical method is built on the Principles of Expression and Differentiation. The first breaks with both logical and causal analysis, empha-sizing relationships within a whole. The second stresses that development is

The Dialectical Method: Its Application to Social Theory

According to Leslie Baxter (1998) dialectical theory is about both unity and difference within relationships (p. 2). Baxter (2004) writes, "The core concept in dialectical perspectives is, after all, the contradiction—a unity of opposites (pp. 182-183). Finally, according to Julia T. Wood (1997), the dialectical theory is an assertion that there

A Study of Dialectical Theory and its Relation to ...

The dialectical component stresses that the social world itself is the product of multiple interpenetrating parts that are undergoing constant change, and that human activity itself, including our...

The dialectic and why it matters to Marxists ...

Dialectic or dialectics, also known as the dialectical method, is at base a discourse between two or more people holding different points of view about a subject but wishing to establish the truth through reasoned methods of argumentation. Dialectic resembles debate, but the concept excludes subjective elements such as emotional appeal and the modern pejorative sense of rhetoric. Dialectic may thus be contrasted with both the eristic, which refers to argument that aims to successfully dispute an

Dialectic - Wikipedia

The notion that history conforms to a " dialectical" pattern, according to which contradictions generated at one level are overcome or transcended at the next, was incorporated—though in a radically new form—in the theory of social change propounded by Karl Marx. Like Hegel, Marx adopted a "directional" view of history; but, whereas Hegel had tended to exhibit it as representing the unfolding in time of an inner spiritual principle, Marx looked elsewhere for the ultimate ...

History as a process of dialectical change: Hegel and Marx

how society will develop - using its method of dialectical materialism to unravel the complex processes of historical development. It endeavors to teach the working class to know itself and be conscious of itself as a class. Dialectical Materialism - the science of the

What Is Marxism? An Introduction to Dialectical Materialism

Dialectical materialism is the world outlook of the Marxist-Leninist party. It is called dialectical materialism because its approach to the phenomena of nature, its method of studying and apprehending them, is dialectical, while its interpretation of the phenomena of nature, its conception of these phenomena, its theory, is materialistic.
