Sreekrishnan Venkateswaran focuses on the essentials, bringing together all the concepts and techniques you need, while avoiding topics that only matter in highly specialized situations.

Essential Linux Device Drivers (??)

For former one, I think it is better to study simple one driver code. Example from "Linux Device Drivers" is usually too complicated for me. For the later one, I believe author usually point out some source code to read. For readers, I suggest to stay at this book. If the new version of "Linux Device Drivers" comes out, you may also need one.
