Urban Ecology by Richard T. T. Forman | Waterstones

Urban Ecology: Science of Cities by Richard T. T. Forman. How does nature work in our human-created city, suburb, and exurb/peri-urb? Indeed how is ecology - including its urban water, soil, air, plant, and animal foundations - spatially entwined with this great human enterprise? And how can we improve urban areas for both nature and people? Urban Ecology: Science of Cities explores the entire ...
