Gradually, manufacturers of Android-based TVs from 2019 and in some cases earlier, are transitioning some of their legacy model series to the Android TV 9 (Pie) OS that brings bug fixes and enhancements including snappier response time and better interface customization, among other benefits, to Google's smart TV platform. Hisense confirmed to HD Guru that certain of its 2018 and 2019 Android TV model series that are currently running the previous Android TV 8 OS (H8F/H9F/H9E Plus) will be ...

Support | Hisense UK

Called Hisense and the girl has emailed me the latest AUS software update. Im scared to do the update as I don't want to "brick" the TV like I have seen mentioned on other posts on here and the girl on the phone couldn't guarantee that wouldn't happen and didn't have any technical expertise to assist me, she just told me to follow the instructions.

Smart TV Platform TV maker Hisense has launched a revamped version of its VIDAA smart TV OS. The redesign comes six years after the OS's initial launch, with Hisense saying that it has seen 20 million installs globally. The 4.0 Vidaa will come in 2020 to existing TVs and be pre-installed on all new Hisense TVs.
