"History Begins at Sumer" is the classic account of the achievements of the Sumerians, who lived in what is now southern Iraq during the third millennium B.C. They were the developers of the cuneiform system of writing, perhaps their greatest contribution to civilization, which allowed laws and literature to be recorded for the first time.

History Begins at Sumer: Thirty-Nine Firsts in Recorded ...

From the Tablets of Sumer, Samuel Noah Kramer Sumerian literature constitutes the earliest known corpus of recorded literature, including the religious writings and other traditional stories maintained by the Sumerian civilization and largely preserved by the later Akkadian and Babylonian empires. These records were written in the Sumerian language during the Middle Bronze Age.

History Begins at Sumer: Thirty-Nine Firsts in Recorded History (Book)

History Begins at Sumer: Thirty-Nine Firsts in Recorded ...

The book consists of twenty-five essays strung on a common thread: they all treat of "firsts" in man's recorded history. They are thus of no little significance for the history of ideas and the study of cultural origins. But this is only secondary and accidental, a by-product, as it were, of all Sumerological research.

History Begins at Sumer: Thirty-Nine Firsts in Recorded ...

In Childe's day most researchers agreed that Sumer represented the beginning of civilization. Archaeologist Samuel Noah Kramer summed up that view in the 1950s in his book History Begins at Sumer . Yet even before Kramer finished writing, the picture was being revised at the opposite, western end of the Fertile Crescent.

Amazon.co.uk:Customer reviews: History Begins at Sumer ...

All in all, "History Begins at Sumer" provides a well-rounded perspective of Sumerian spirituality and culture. However, since this book is really a collection of independent, stand-alone essays, the reader may find it difficult at times to extract a unified impression of what the author was trying to express.

History Begins at Sumer: Thirty-Nine... book by Samuel ...

The very beginnings of man's history are recorded in the strange wedge-shaped marks inscribed upon the tablets of Sumer. Unearthed about a century ago from the mounds in Mesopotamia where they had lain for more than three thousand years, and deciphered only after decades of painstaking work, the tablets tell the story of civilization long forgotten, where culture as we know it was born.

History Begins At Sumer

As stated in the book of Samuel Noah Kramer entitled the History Begins at Sumer: Thirty-Nine Firsts in Recorded History, he presented a list of things that started in Sumer that substantially contribute to the important fields of human endeavour such as: politics, education, philosophy as well as societal factors.

History begins at sumer Essay Example | Graduateway

I had fun reading Samuel Noah Kramer's book "History Begins at Sumer". This isn't a typical history book. It doesn't go into any detail at all about the different city-states of Sumer, who ruled what lands, where Sumer was, or even mention any dates or events of any widespread significance, etc.

Amazon.com: Customer reviews: History Begins at Sumer ...

The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is a compendium of what is known about them.
