MaxLite PhotonMax LED Linear Light for Horticulture Applications. The PhotonMax LED Linear Light (PH-LI Series) can match applications where traditional 400W to 600W HID fixtures are used, in a more sleek and durable form factor. Emitting up to 761 µmol/s with outstanding electrical efficiency (up to 2.8 µmol/J), the Linear Light produces consistent, high quality light using 50% less energy than conventional HID light sources.
