Actually, writing citation manually is a tedious and time-consuming process. As a student, you have limited time on everything you do and its prudent to spend it effectively. If you are unsure of the citation format you need to use; our free citation generator is the right solution to help you with both the work cited page or the in-text citation.

Citation Machine: Free, Accurate, And Reliable Generator ...

Keep your MLA in-text citations brief, clear and accurate by only including the information needed to identify the sources. Furthermore, each parenthetical citation should be placed close to the idea or quote being cited, where a natural pause occurs – which is usually at the end of the sentence.

FREE MLA Format Citation Generator | Cite This For Me

The citation information in the body of the paper itself is called the "in-text citation." The most obvious time to use it in the text is when you use a quote from a source directly or refer to it by title or author. Generally, you need to list the writer's last name and page number enclosed within parentheses straight after the quote.
