Supervision developed by Peter Hawkins and Robin Shoet. This looks at several facets of the supervisor-coach-client relationship. In a coaching context, these are:

What is coaching supervision and why is it so important?

EDUCATIONAL PRINCIPLES OF SUPERVISION • 1.

Learning is best seen as part of a cycle of activities, rather than as a one-off event • 2. Supervisees are more likely to learn when they themselves perceive a gap between what they currently know and what they need to know • 3.

In particular, the integrative approach helps clients face each moment openly and authentically without having formed an opinion, expectation or attitude beforehand. This enables them to better focus on the fears and hurts that limit their psychological freedom, and recognise specific triggers that may be causing disruptive patterns of behaviour.
