The Fleming Effective Teaching Model advocates for more explicit, direct teaching as opposed to the dominant, inquiry based teaching methods of today. Research by the Australian Council for Educational Research argues that explicit, direct teaching is two to three times more effective in student learning than the inquiry or problem based teaching methods that have dominated for several decades.

The Haileybury Explicit Instruction Programme builds on the work of John Fleming and the Haileybury Institute. This work was initially developed in the context of one of Victoria's disadvantaged low-socioeconomic primary schools and aimed to lift the performance of students in literacy and numeracy. Since 2006, the Haileybury Institute has worked to implement, develop and refine explicit instruction, drawing on research including educational neuroscience and international evidence-based ...
