[Mazda Timing Belt And Chain Replacement. Since belts are a service item, timing belt service needs to be part of a good maintenance plan. We recommend that the timing belt be replaced, along with the water pump and accessory drive belts, at 90,000-100,000 miles. If the customer has budget concerns, we'll explain why we recommend the pump replacement and let them take the gamble that it will last another 100,000 miles - with the understanding that if the pump should fail, this labor ...](#)

smoother, more accurate steering inputs. GVC makes steering response more direct and linear by using a minute reduction of engine torque at turn-in to put extra weight on the front tires.

### ~~Mazda's G-Vectoring Control Uses Engine Timing to Help ...~~

The one degree and sensitive story on the WL is not the whole truth and the honest truth , if being running these engines for 9 hours on advanced and retard settings in racing conditions without any consequences. Yes I agree to set the timing you need a dial gauge , but non of these engines have a standard setting .

The WL-C engine is an in-line, four-cylinder, 16-valve diesel engine with an overhead camshaft and liquid cooling. Engine capacity – 2.5 liters. The numbering of the cylinders is from the crankshaft pulley. The WL-C engine of the new generation is designed on the basis of the previous generation WL engine and is its modification.

When your vehicle's engine starts, the glow plugs can stay on for more than ten minutes, depending on how cold the engine is. The engine control unit is responsible for controlling the time period that the glow plugs stay on after starting. If this unit is faulty, they will stay on permanently and this may cause the plugs to burn out.

Every 2017 Mazda3 comes with Mazda's exclusive G-Vectoring Control (GVC) technology. GVC uses engine timing to reduce torque output very slightly when cornering, adding downward pressure to the front end of the vehicle. That pressure increases the front-tire contact patches, which aids in steering stability and turn-in response.
