### Medical Istant Study Guide

The coronavirus that causes COVID-19 has demonstrated a stubborn ability to resist most nucleoside antiviral treatments, but a new study led by an Iowa State University scientist could help to ...

The enzyme that allows coronavirus to resist antiviral medications  
Meditation has provided me with a deep and strong sense of self, compassion for myself and others, and clarity about the world around me.

Poetry in science: A beginner's guide to the benefits of meditation | Ana Guia  
Posing on-the-spot questions to probe the limits of trainees ' knowledge, also known as " pimping, " is a longstanding teaching method in medicine. It ' s part pop quiz, part trial by fire. But with ...

Should medical educators rethink on-the-spot quizzing?  
A latest study suggests that patients who went on to develop severe Covid-19 exhibited a much more muted antiviral response in the cells collected from those early swabs, compared to patients who had ...

Study: Course of Covid-19 can be determined by early antiviral response in nose  
Artificial intelligence tools and deep learning models are a powerful tool in cancer treatment. They can be used to analyze digital images of tumor biopsy samples, helping physicians quickly classify ...

AI models to analyze cancer images take shortcuts that introduce bias  
Cells taken from patients at the time of diagnosis who later developed severe COVID-19 show a muted antiviral response, study finds. Researchers studied cells collected by nasal swabs at the moment of ...

Early Antiviral Response in the Nose May Determine Mild / Severe Course of COVID-19  
The BiovitalsHF app aims to help automate the process of making sure that drugs are taken at the correct time and in the proper escalating amounts.

Biofourmis nets FDA breakthrough label for digital heart failure treatment assistant  
Cynthia E. Armand, MD is an Assistant Professor of Neurology at Albert Einstein College of Medicine/ Montefiore Medical Center, and the Fellowship Director at the Montefiore Headache Center.

Cynthia E. Armand, MD  
Researchers have designed a robotic neck brace to help doctors assess the impact of treatments on the neck mobility of cancer patients and guide their recovery.

Robotic Neck Brace Helps To Analyze Impact of Cancer Treatment  
The new study ... help guide future treatment options." Dr. Steven M. Horwitz, Assistant Professor of Pediatrics, Division of Pediatric Critical Care, Rutgers Robert Wood Johnson Medical School ...

Study could guide future treatment of multisystem inflammatory syndrome in children  
Artificial intelligence and deep learning models are powerful techniques in cancer treatment. However, unless these algorithms are properly calibrated, they can make inaccurate or biased predictions.

AI Cancer Models Can Make Biased Predictions Unless Calibrated Properly  
Cell phones are necessary, according to Richard Bowen, a physician ' s assistant and primary care provider for the elderly at the VA Medical Center ... A 2021 study found seniors often report ...

A Guide To The Best Cell Phones For Seniors With Dementia  
Almost one in five new parents got an unexpected charge averaging \$744 on their hospital bill following childbirth, a new study ... guide for avoiding surprise hospital bills for any emergency or ...

' Surprise ' hospital bills after childbirth are common, study says, but here ' s what to do
