Montessori from the Start: The Child at
Home, from Birth ...

Montessori's approach to assisting the development of the child is, to me, not another how-to theory. Rather, it is a mentality and a common-sense approach to doing things. Everything said seems very logical, and I find myself nodding along to reading the book.

Montessori from the Start. This book is a practical guide, which looks at the child in the home environment from birth to age three. The authors provide guidance for the creation of an environment that will aid the development of focus and concentration in the child during their first years. There are many practical ideas including types of furnishing (such as the child-sized kitchen table and chair), appropriate tools, diet and food preparation, clothing and movement.
