Negotiation can be a helpful tactic in reducing interpersonal conflict in the workplace. Here are some reasons why. The Polarization of Black and White Thinking. When we talk about conflict and negotiation in the workplace, we have to mention the rigid either/or, black and white thinking that many of us fall for every day. Conflict can often arise because people are unwilling to see that both points of view or "sides" of the argument have a little bit of truth and a little bit of value.
