Petrol lawn mowers use petrol straight from the pump so there is no mixing needed. One of the main advantages of buying a petrol lawn mower is the lack of power cable needed – meaning it can be used anywhere. If you buy a petrol lawn mower and look after it well it can last for many years. View our full range of petrol lawn mowers.

### A Useful Guide to Buying Lawn Mowers | Gardenlines

The general rule we recommend when choosing a mower is to consider your lawn area. If your lawn is around 500-600 square metres then opt for a petrol power lawn mower. Also consider storage as petrol mowers will need more storage than an

make cutting your lawn easy and effective. Learn how much to spend, plus which are the best petrol and electric lawn mower brands, with advice and reviews from the independent Which? Gardening experts

Lawn mowers advice guides - Which?

Before attempting to start any lawnmower you should check the oil. I always like to attempt to start a lawnmower before servicing to see how or if it runs. The reason for wanting to run the lawnmower is to warm up the oil to make it easier to remove. The easiest way to service a lawnmower is to remove all fluids first.
