The Post Card: From Socrates to Freud and Beyond (French: La carte postale: De Socrate à Freud et au-delà) is a 1980 book by the French philosopher Jacques Derrida. It is a "satire of epistolary literature." After Glas (1974), it is sometimes considered Derrida's most "literary" book, and continues the critical engagement with psychoanalysis first signaled in "Freud and the Scene of Writing" from Derrida's Writing and Difference (1967).
