The cardinal rule when reading papers is: Never start reading an article from the beginning to the end. It's better to begin by identifying the conclusions of the study by reading the title and abstract... After reading the abstract and conclusions, if the reader deems it interesting or useful, then the entire article can be read.

Reading is the second part of the IELTS test, and takes 60 minutes. It consists of three or sometimes four reading passages of increasing difficulty, and there is a total of 40 questions to answer. Though you can mark and write on the Question Paper, you must enter your answers on the Reading Answer Sheet, and be aware that no extra time is given for transferring your answers from the test booklet to the Reading Answer Sheet.

When your teachers or professors ask you to analyze a literary text, they often look for something frequently called close reading. Close reading is deep analysis of how a literary text works: it is both a reading process and something you include in a literary analysis paper, though in a refined form. Fiction writers and poets build texts out of many central components, including subject, form, and specific word choices.

Instead of getting better at digital reading, we may be getting worse. A study examining reading comprehension research between 2000 and 2017 indicates it's harder to comprehend digital text. The researchers found print's advantages are greater now than in 2000. In other words, this digital-reading problem isn't going away.

Reading the introduction is a test of whether or not you are ready to read the rest of the paper: if the introduction doesn't make sense to you, then the rest of the paper won't either. If you find yourself baffled by the introduction, try going to other sources for information about the topic before you tackle the rest of the paper.
