Establishing such a high reputation is not easy. There is a famous saying that your reputation lies in the last drawing you have submitted.Yes.

~~How to Become a Successful and Prominent Rebar Detailer ...~~

As we know, a rebar is a steel bar which is normally built of steel and reinforced with concrete structures. Rebar detailing is the discipline of preparing shop drawings or placement drawings of steel reinforcement for construction. Every structure has defined practical limitations to the shape and lengths of the reinforcing bars, which must fit into the structural members.
