school performance.

Program

Program Evaluation -

SAGE Research

Methods

Evaluation is a research enterprise whose

primary goal is to

identify whether desired changes have been

achieved. Evaluation is

a type of applied social research that is

conducted with a value,

Bookmark File

PDF Research

or set of values, in its
denominator.

Evaluation research is
always conducted with
an eye to whether the
desired outcomes, or
results, of a program,
initiative, or policy were
achieved, especially as
these outcomes are
compared to a standard
or criterion.

What's the Difference?
