This unique, holistic and pragmatic insight into all deal life cycle stages makes Securitization and Structured Finance Post Credit Crunch an invaluable reference for all market participants in their efforts to get this important and - if used properly - hugely beneficial part of the capital markets back up and running.

*Securitization and Structured Finance Post Credit Crunch ...*

Structured bonds are often viewed as complex and opaque, and participants in the securitization and structured finance markets have traditionally had a narrow focus on a specific part of the securitization value chain. However, in the post credit crunch environment, the market is more regulated, standardized, transparent, and better structured with closer-aligned and more balanced incentives for all participants, more focus on investors and improved comprehension of these bond instruments.
