Shriver and Atkins Inorganic Chemistry is
an excellent undergraduate textbook which
allows students to develop their
understanding of the principles of inorganic
chemistry and their applications in modern
research as they work through the book.

Buy Shriver and Atkins' Inorganic
Chemistry Book Online at ...

Got this textbook for my Inorganic lab class.
It's an alright book, but there are many
errors and it seems like the authors ramble
on in some places and don't explain things
too well. It may be easier to use for people
who have a better understanding of
inorganic chemistry, but I found it kind of
difficult to follow.
