An inventor's notebook is used by inventors, scientists and engineers to record their ideas, invention process, experimental tests and results and observations. It is not a legal document but is valuable, if properly organized and

Read Free The Inventor S

maintained, since it can help establish dates of conception and reduction to practice. It may be considered as grey literature. The information can improve the outcome of a patent or a patent contestation.

The Inventor's A

Notebook is a useful tool for someone wanting to invent and patent a new idea.

Understand that it is just a tool, and you will still need professional advice if you are going through the patent process.

However, this is definitely a good place to start.

Engineer's Notebook | Inventor | Autodesk Knowledge Network

U.S. engineer Manny
Fernandez (born 1946)
had the idea for a well-
designed laptop for
executives who were
just starting to use a
computer. Fernandez,

who started Gavilan
Computer Corporation,
promoted his machines
as the first "laptop"
computers in May 1983.
Many historians have
credited the Gavilan as
the first fully functional
laptop computer.
