The Max Weber Dictionary Key

Max Weber is one of the world's most important social scientists, but he is also one of the most notoriously difficult to understand. This revised, updated, and expanded edition of The Max Weber Dictionary reflects up-to-the-moment threads of inquiry and introduces the most recent translations and references. Additionally, the authors include new entries designed to help researchers use Weber's ideas in their own work; they illuminate how Weber himself thought theorizing should occur and how ...

Affectual action is "determined by the actor's specific affects and feeling states" (ES, 25). Weber adds that "action is affectual if it satisfies a need for revenge, sensual gratification, devotion, contemplative bliss, or for working off emotional tensions (irrespective of the level of sublimation)" (ibid.).

The ideas of Max Weber had a huge impact on the development of modern social sciences. He was a prominent German sociologist of the end of XIX and the beginning of XX centuries. He is considered one of the founders of sociology. Weber regarded the human behavior as a conscious phenomenon, which needs to be understood rather than to be described.
