The real Northern powerhouse: How fashion and design is ...

The original powerhouse idea was about how cities and towns across the North could collaborate to create the scale to match London and other major regions across the world. This was a positive vision, about how a region of 15 million people, with core industrial and sector strengths would then be better able to attract investment, drive innovation and close the productivity gap.

Northern Powerhouse must be for real - themj.co.uk

The Northern Power house - "One Agenda, One Economy, One North" For many decades now governments have tried to iron out the differences between the north and the south. The latest idea (created during the parliaments of 2010 to 2015 and 2015+) is to create a "Northern Powerhouse" of well linked northern cities to
