Last week I promised you a book review that would complement my post about not taking food for granted, to include in a (nature) spiritual sense.I have to admit that that post was strongly influenced by having just completed my rather eager reading of Dan Barber's The Third Plate: Field Notes From the Future of Food.It's a dangerous book in the best way possible-it got me to thinking.

Review of The Third Plate: Field Notes From the Future of ...

The third plate is what he offered when challenged to come up with a vision of food for the future. Specifically, the plate contained a carrot steak and a sauce made from cheap second cuts of beef. For Dan this represented a new cuisine completely, one that would aim to cook all cuts of an animal and place them in second position to seasonal vegetables and whole grains.
