Tropical Geomorphology: Amazon.co.uk: Avijit Gupta ...

The tropics provide the key to understanding much biological and Earth science. This is particularly true for the study of landforms, which in higher latitudes suffer great seasonal contrasts in process intensity and type, and which often in the past underwent the dramatic changes of glaciation and periglaciation.

Environmental Change and Tropical Geomorphology - 1st ...

Geomorphology is concerned with the nature and origins of Earth's surface features. Literally, a study of Earth form. Geomorphology is generally understood to embrace the study of landforms and landscapes. As long as man has walked the earth, tilled the ground and sailed the seas, he has formed ideas about the origin of the Earth and its landscapes.
