The transmitter's Power/Link LED should now be pulsing slowly. On the transmitter, press and hold the Power/Pairing button (or the Bypass button) for 5 seconds, and release as soon as the transmitter's Power/Link LED (top-most LED) begins flashing rapidly (twice per second), indicating that it's in pairing mode.

Turtle Beach Ear Force Tango Call Of Duty Black/Red ...

The headset's Bluetooth functionality enables you to pair it up with a phone to receive calls directly through the headset, so absolutely nothing comes between you and your game. In terms of comfort, the Tango's high quality foam-padding holds well during long sessions of gaming, though obviously it gets a little moisty after a few hours.

TurtleBeach Ear Force Tango Review - PC

I recently got a Turtle Beach SuperAmp and it seems to be working normally. Paired with most headsets that I have, there are no issues. The headset I really want to use is the 2019 Astro A40. When I pair this headset with the SuperAmp, it does not detect a mic. The logo stays red no matter what I try. I have swapped cables and have the same issue.
