These are old fiberglass boats, mostly of traditional design and strong construction. All are small, from 20 feet to 32 feet overall, but all have crossed oceans, and all are cheap. Choosing the right boat to take you across an ocean or around the world can be confusing and exasperating, particularly with a tight budget.

Twenty Small Sailboats to Take You Anywhere — Sailboat Guide

Twenty Small Sailboats to Take You Anywhere from the book by John Vigor. Vigor's book is very interesting. You learn a lot about boat design. Only a couple of these boats are really trailerable. However, if you are looking for a small, safe boat this is a good place to start. The Cal 20 is too small but the Pacific Seacraft 25 is an excellent ...
