Who's your city suggests to be a book about how to choose where you want to live. Except for one chapter, it isn't. The author writes a study WHY location matters, and rounds this study off with 10 questions by which you can make better choices about where to live. For people interested in WHY where you live matters, this may be a good book.

What I learned from this
book: New York City is,
statistically, the most
neurotic space in the U.S.;
Bakersfield sucks (I already
know that, book; thanks all
the same); There's something
called the 'Gay/Bohemian
Index' that you monied-types
want your city to fall into
because it means shit is
about to get gentrified; I

?In the age of globalization, some claim that where you live doesn't matter: Alaska, Idaho, and Alabama are interchangeable. The world is, after all, flat. Not so fast. Place, argues the great urbanist Richard Florida, is not only important, it's more important than ever. In fact, choosing a pla...

In recent years the young, educated, and affluent have surged back into cities, reversing decades of suburban flight and urban decline. And yet all is not well, Richard Florida argues in *The New Urban Crisis*. Florida demonstrates how the same forces that power the growth of the world's superstar cities also generate their vexing challenges: gentrification, unaffordability, segregation, and ...
