Zone One - Wikipedia

"Zone One" by Colson Whitehead. Whitehead is an African American author. I read one other book by him "The Underground Railroad" and decided that if that book was fantastic, this would be too. As I learned from reading The Underground Railroad (one of my favorite books of 2016), Colson Whitehead is all about taking a genre that you think you know and turning it on its head. Zone One is a zombie novel, but it's not what we've come to expect from this sub-genre: it's a snarky satire that focuses its commentary more on modern society than innate humanity.

Why now is a great time to read Colson Whitehead's Zone One.

In this wry take on the post-apocalyptic horror novel, a pandemic has devastated the planet. The plague has sorted humanity into two types: the uninfected and the infected, the living and the living dead.
